The Eurohaptics Society welcomes you to Leiden for Eurohaptics 2020. This beautiful, historical city will open its gates, streets and canals to this edition of the international conference on haptics and touch enabled computer applications.

Leiden is an easy-to-reach city (only 15 minutes from Amsterdam international airport), rich with cultural heritage and a vast wealth of history in art and science. Leiden University – the oldest in the Netherlands – was founded in 1575 in an environment where freedom was the highest good.
